DOCTOR - MEANING D.
SURGEON - MEANING C.

ARE YOU SMARTER THAN THE STAFF?

1. A) A fist (although I'll give you half a point if you were thinking of a cyst the size of a fist)

2. C) Brain. It's the third largest organ in the body after the skin and liver. The heart must be well jel.

3. A) Zero seconds. It's not true that sneezing stops the heart, which is good news I think you'll agree.
