

Are you 25 years old or under?
Do you want your healthcare story to be heard?

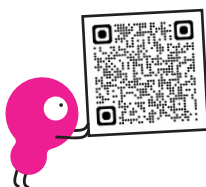

TAKE PART IN STARLIGHT'S 'A DAY IN THE LIFE' PROJECT

Starlight's Youth Panel needs you!

We want children and young people across the UK to show Starlight what life in healthcare is really like and how play supports you, so that we can support other children and young people in healthcare.

You could send us your story through:

- a video or voice note
- a comic strip
- a letter
