About Starlight

We are the national children's charity dedicated to using the power of play to make the experience of illness and treatment better for children and their families.

At Starlight, we are passionate about protecting this time of play, championing its importance and defending every child's right to it. Our passion takes us to the bedsides of the some of the most poorly children in the UK who are in hospital, often without hope of leaving. We use the power of play to create a sense of escape from the difficult reality in which these children find themselves. To delight and distract, entertain and enlighten them. But, most of all, to restore a smile to their faces, making moments of light when the day is at its darkest.

We now work with hundreds of hospitals and hospices to provide play, distraction and entertainment services which help to improve mental, physical, social and emotional wellbeing, even in the most challenging circumstances. We also run programmes of events and experiences, which create opportunities for children and their families to build social connections. Through the work we do and the people we work with, we listen, learn, and share knowledge, working with others towards systemic change in the provision of play in hospitals.
